CTC’s Bus Service to Increase Capacity

Effective Saturday, May 8, capacity on CTC buses to and from the ferry will increase to approximately 20 people. One passenger per seat will be permitted instead of requiring passengers to occupy alternating seats. Two family members or two passengers traveling together will be permitted to share a seat, which will expand capacity beyond 20.

All other safety precautions will remain in place. Masks must be worn at all times on the bus. Passengers will board the bus from back to front. Both front and back windows will be open while passengers are on the bus to ensure adequate ventilation.

This new policy complies with updated industry standards for travel and will allow CTC to accommodate increasing passenger demand.
