

CTC

Service Facts

CTC transports nearly 120,000 passengers annually with 3,600 ferry and bus trips. The buses travel over 50,000 miles annually to and from the Route One parking lot while the ferry travels over 6,100 miles. Our barging service transports about 800 vehicles from April to November. In 2014 we had 14 charters and 7 cruises on the Pied Piper.

The island depends on CTC for 24 hour emergency services. We perform 70-100 rescues per year at no charge.

CTC transports all school children grades 6 and above as well as approximately 55 commuters (to and from the island).

CHEBEAGUE TRANSPORTATION COMPANY

December 2014

What's New at CTC?

Tax Deduction for Former Stockholders!

CTC stockholders who did not assert their appraisal rights in 2012 donated their shares in the former company to the nonprofit at a value of \$46.76 per share. If you declare the value of your shares as a tax deductible contribution to the nonprofit on your tax return, the value of your donation will be the number of shares you had at the time of conversion multiplied by \$46.76. For example, if you owned 10 shares, your donation would be \$467.60. For documentation purposes, you should have proof of the number of shares you owned plus the letter sent to you in the Annual Meeting mailing. If you do not have a copy of that letter, you can get a copy on the "Member" page of the CTC website (chebeaguetrans.com) or at the office.

About Our Boats

As you may know, we have done extensive work on the Dovekie and the Piper over the last couple of years. In November, we hauled the Islander to get much needed maintenance completed as well. We have been working diligently to create a maintenance list for our boats and the barge, and it is not short! As they age, maintenance needs grow. The Islander is almost 30, the Piper is 23, the Dovekie is 16 and the barge is 33! We have uppermost in our minds the mission of CTC - and will make investments in our assets as needed.

The Piper will be hauled soon and have needed repairs performed over the winter. The Dovekie and barge will be hauled in early December.
