

# What's New at CTC?

## Cousins Lot Maintenance

In the next few weeks we will be having the Cousins Lot receive annual maintenance.

## “Loaner” Vehicle Policy

It is a long-standing CTC policy that parking permit customers may substitute a “loaner” vehicle when the stickered vehicle is being repaired. This program may not be used to, in effect, share a sticker between vehicles. Use of a loaner must be authorized by the Office.

## Parking Policies Enforcement

We thank the majority of our customers who respect and comply with our parking policies. For those persons who do not comply, we will tow violators. This includes vehicles parked with no or expired tickets and those abusing the “loaner” policy shown above.

## Summer Office Hours

Starting May 1st  
Monday - Friday  
9am-4pm

### CTC OFFICE

(207) 846-5227/846-3700  
16 North Road, PO Box 27  
Chebeague Island, ME 04017  
chebeaguetrans@gmail.com

## The “Independence”

The delivery date of the Independence will be home and able to carry passengers. The delivery date of the Independence has been changed by Washburn & Doughty due to delays in construction of other boats at their yard. The estimated launch date is now 6/21 at 2 PM. The Independence will have to undergo sea trials and required testing for regulatory approval. Therefore, it is uncertain at this time when the Independence will be home and able to carry passengers. We are planning a launch party at W&D in East Boothbay and are hopeful that many Islanders will be interested in joining us for that event. CTC will provide bus transportation to the launch. As plans are finalized we will post the details.

## Barge will be launched 4/29

## Yarmouth Daily Parking Spaces

In order to better manage Yarmouth resident vehicles using the Town’s daily parking spaces, signs will be installed shortly reserving spaces exclusively for Yarmouth day parkers.

## Where’s the CTC Boat?

We are pleased to announce that CTC boats (Islander, Independence, and Dovekie) will all have Automated Identification Systems (AIS) installed. The Islander’s AIS is operational now—the Dovekie’s will be working May 1st. You can track their location at [www.marinetraffic.com/en/ais/home/shipid:442737/zoom:15](http://www.marinetraffic.com/en/ais/home/shipid:442737/zoom:15) or downloading an App. Suggested Apps will be posted on our Facebook page. *Please be advised that there could be a several minute delay in the transmission of the data, so do not rely on the AIS to give you the vessel’s exact location.*

## SPRAYING FOR BROWN-TAIL

During the first or second week in May, Bartlett Tree will spray the Route One lot for brown-tail moth. The spraying should be completed before the first bus of the day. The spray may get on vehicles but it will not damage the paint. Customers are urged to park in the center rows of the lower part of the lot to minimize exposure. As soon as we have a definite date, we will post it. However, it would be prudent to park away from trees beginning the end of April.

## CTC Annual Meeting

**July 20th at 9 AM at the Hall**

## CTC Birthdays

Mary Todd—5/1  
Martha Hamilton-Doughty—5/9  
Amanda Campbell - 5/12  
Jeremy Ames—5/23  
**Happy Birthday!**

## Summer Ferry Fee Increases effective 5/1/2019

Child (Ages 6-11)/Pet (20 tickets) - \$26.00  
Resident/Parking Permit Holder—Adult (10 tickets) - \$39.00

## CTC Carts

We provide carts for our customers at a considerable cost. Please do not overload the carts and don’t put them on the float at Cousins when it is windy—several have been lost overboard!!
