

FOURTH OF JULY WEEKEND!

This weekend could be the busiest in a long time. Here are some tips, tricks and reminders to make sure your trip to Chebeague is smooth sailing:

- Arrive early
- Buy tickets ahead of time on our [website \(chebeaguetrans.com\)](http://chebeaguetrans.com), we do not sell them on the boat and passengers will need one to board.
- Bikes, pets and children (6+) need tickets
- Label and count bags and personal items
- Pack groceries on ice

Rescue trips will take priority... if you have to get back to the mainland by a certain time, please plan accordingly.

Remember, no large freight items or any commercial freight items should be brought after the 12:15pm trip on Friday.

We have very limited freight capacity and passengers and small amounts of personal freight will be prioritized. If you need to get lots of freight, bags, large items or commercial deliveries, [Casco Bay Lines \(cascobaylines.com\)](http://cascobaylines.com) is an excellent alternative.

Finally and most importantly, please be courteous, kind and respectful to your fellow passengers and to our staff!
